## OBJECTIVE

Intent to build career in a challenging and growth oriented organisation which would enhance my working abilities as a team person, which initiates implementation of new ideas in order to get recognised as individual.

## PROJECTS

### Smart Parking – A Realtime Parking Availability System

- Developed a web-based parking management system using the MERN stack, enabling real-time parking slot updates and a seamless reservation system.
- Integrated a secure payment gateway to support hassle-free transactions for users.
- Designed an intuitive user interface with automated notifications for booking confirmations and reminders, enhancing user experience.
- Skills: Reactjs, Mongo DB, Nodejs, Expressjs

### BuildTrack – ServiceNow Custom Application

- Developed a ServiceNow-based custom application to automate order processing for AI-powered construction devices, replacing manual spreadsheet workflows with an efficient, error-free system featuring automated approvals, real-time inventory tracking, and dispatch management.
- Designed intuitive dashboards and reporting features for real-time monitoring of orders, approvals, and inventory, ensuring transparency and improved decision-making.
- Integrated REST APIs and automated email notifications to facilitate seamless communication between teams, enhancing coordination and operational efficiency.
- Skills: ServiceNow, REST APIs, Email Notifications, Workflow Automation, Reporting & Dashboards.

## Education

### Srinivasa Ramanujan Institute of Technology

Nov 2021 – Till Date

Bachelor of Technology (BTech), Computer Science and Engineering

- CGPA: 8.12

### Government Junior College for Boys

Jun 2019 – Mar 2021

Intermediate (MPC)

- Percentage: 86.1

### Ravindra Bharathi EM High School

Apr 2019

SSC

- CGPA: 9.8

## Additional Information

### Technical Skills

- C, Java(core), JavaScript, Python, SQL, Web Technologies
- **ServiceNow:** ServiceNow Scripting, Flow Designer, UI Customization, ServiceNow Catalog Development
- **Tools:** Figma, Canva, Git/GitHub

### Soft Skills

- Adaptability, Willingness to learn, Time Management, Organized.

### Hobbies

- Learning, Travelling, Writing, Cooking, Singing
